## The Duty of a Mason

This program was designed to support the Masonic duties of relief and provide medical assistance to those in need, while allowing them to stay in their own homes.

For this assistance, it may not be necessary that an individual apply in person. In many cases, a person in need may get support from a friend or loved one to apply for them.

look out for others*

## Scope of Services

Above all, the goal of the program is to allow Masons and their wife or widow to stay in their own home and receive medically related care. The program will provide services similar to those enjoyed by residents of MAHOVA, such as:

- In many cases, the candidate may simply need assistance in gaining access to and understanding of services already available in his/her locality;
- Where possible, the program will leverage the use of existing programs in the candidate's local community, such as those provided by governmental and nonprofit organizations;
- Basic medical, healthcare or respite needs, possibly to include services provided by home healthcare providers from the candidate's community.

## Basic Eligibility

In general, this program is open to all who would otherwise qualify for admission to MAHOVA, but can best be served in their own homes. Specifically:

- A Master Mason, age 65 or older, who has been a member for 10 years or more, the last 5 years in a Virginia Masonic Lodge under the Grand Lodge A.F. & A.M. of Virginia.
- A wife or widow, age 65 or older, of an eligible Virginia Master Mason.

Case reviews will be made by professionals and final eligibility will be determined at the sole discretion of MAHOVA, based upon a careful review of need and financial circumstances.

*Covering every  
corner of the  
Commonwealth*

Any candidate meeting the basic eligibility and desiring assistance should contact MAHOVA by calling the Admissions Coordinator at 1-800-262-4644, extension 177295.

It is not necessary for Masonic Lodges to review, approve, or submit names for the program. The program is designed to avoid any complicated application procedures. Referrals are appreciated!

Once a candidate in need is identified, MAHOVA will work with a local Area Agency on Aging to determine the services that are needed.
